

A photograph of an Echelon 801-1021 1601A module. The module is a small electronic component with a green printed circuit board (PCB). It features a black heat sink on the left side and a yellow connector on the right. The component is mounted on a larger green PCB, which also has a yellow connector on the left. The component is labeled with "801-1021" and "1601A".
